## PHILIPPINE BAND CONCERT HEARD BY THOUSANDS

Musicians So Pleased at Reception They Play Again Before Leaving This Morning

Several thousand people packed the streets in the vicinity of Bishop park and a thousand more occupied the roof garden of the Young hotel, while the Philippine Constabulary band, en route to the San Francisco fair, gave a concert under a "circus" tent in the park last night.

When the Manchuria, which carried the band out of the city this morning, arrived at Pier 7 at 6:30 p. m. yesterday, Kapellmeister Berger and the Hawaiian band greeted the Filipino organization with "Aloha Oe." Madam Alapai and Mrs. W. R. Chilton singing. The visiting band was escorted to the Young hotel, where both bands were dined. Then the Constabulary band was seated in the park and while a crowd of from 6000 to 7000 people listened the band played until after 9:30 o'clock.

At the dinner Governor Pinkham gave an address of welcome. Many of the constabulary musicians were personal friends, dating from the governor's residence in the Philippines. The Hawaiian band entertained the visitors with typical Hawaiian songs.

Parlors on the second floor of the Young hotel, directly opposite the musicians, were given over to Governor Pinkham and his guests. After the concert members of the visiting band spent several hours with Philippine friends in the city. Captain Lovins, director of the Constabulary band, was the guest of Internal Revenue Collector C. A. Cottrill and Mrs. Cottrill.

So pleased were the visitors that they decided to give another concert before leaving Honolulu. Accordingly a short program was given this morning at Pier 7 just before the Manchuria departed. The Constabulary band will play at the Panama-Pacific International Exposition until it comes to a close 10 months from now. The same band visited this city in 1909 on its way to Washington, where they played at ex-President Taft's inauguration.

## A FALSE STANDARD OF CULTURE

has gained ground in this century which looks upon the bearing and rearing of children as something coarse and vulgar and to be avoided, but the advent of Eugenics means much for the motherhood of the race. Happy is the wife who, though weak and ailing, depends upon Lydia E. Pinkham's Vegetable Compound to restore her to health, and when her aches and backaches are a thing of the past, brave sons and fair daughters rise up and call her blessed.—Advertisement.
